Dear School Principal,

WWF Education for Sustainable Development (ESD) Programme (Secondary Schools)
(2017/2018 School Year)

WWF is one of Hong Kong’s leading conservation organisations and provide a variety of ESD programmes, which aim at enhancing students’ understanding of our natural environment and ecological footprint, as well as its interaction with social and economic development. More than 69,000 students, teachers, regional wetland managers and members of the public learnt about conservation during visits to WWF’s outdoor classrooms and through our outreach education programmes last year.

It is our pleasure to invite you to join our Secondary School ESD programmes during the 2017/2018 School Year. For details of each programme, please refer to the attached information sheets.
